

How to make an appointment

VISIT myDMV.COLORADO.GOV

1. Click or tap on “Driver/ID Services”
2. Select “Schedule an appointment” from the “Appointments and Hearings” menu
3. Select “First Time CO DL/ID/Permit”
4. Choose the driver license office you would like to visit
5. Scroll through the calendar until you see a green date
6. Select your preferred available appointment date
7. Use the drop-down menu to select the time you’d like your appointment to be
8. Complete the required fields

I COULDN'T FIND AN APPOINTMENT!

DMV services, especially appointments, are in high demand and with current COVID-19 health and safety precautions, we can only allow so many customers in an office. This means appointments may be more difficult to find.

Fortunately, Coloradans can visit any State driver license office to receive licensing services. Just complete the same steps above and choose a different office when you get to Step 4.

ARE WALK-IN CUSTOMERS WELCOME?

The DMV, while not generally accepting walk-in customers, may admit customers without appointments, if COVID-19 health precautions permit.
